**THE LOCAL NEWS.....**

**.....CITY AND COUNTY**

From Wednesday's Daily.

W. J. Martin came in last evening from Poland.

Geo. P. Trysinger, of Tucson, is visiting in this city.

Joe Stephens and family left this morning for Los Angeles.

Walter Arnold left for his home at Camp Verde this afternoon.

Frank Blahly left for his home in Los Angeles this morning.

Major C. C. Walcutt returned this morning from a visit to Phoenix.

M. A. Palmer and A. C. Riggs came up from Congress this morning.

P. M. Murphy is expected home tomorrow from his visit to San Francisco.

Geo. H. Cook will leave tomorrow morning for San Francisco on a business trip.

John Smith's slaughter house beyond Whipple was destroyed by fire on Monday evening.

Gov. R. C. Powers came in from Los Angeles last evening for a short business visit in this city.

The west bound train on the Santa Fe passed through Ash Fork yesterday thirty six hours late.

Geo. Tisdale, superintendent of bridges of the S. F. P. and P. railroad came up from the south this morning.

J. J. Fisher returned last evening from Canyon Diablo where he has been doing some surveying for a mining company.

Mrs. Jessie Stuart, sister of Mrs. W. S. Norvell, arrived at last night's train from Los Angeles, and will remain here for some time.

Dr. R. J. Roper and Frank Foster have completed their new residence in Oria addition and have moved into them with their families.

Elks lodge meets only on the second and fourth Wednesdays of each month during the months of May, June, July, August and September.

T. R. Rice is in from Poland today.

Joe McCarthy and Olga Johnson came up from Phoenix this morning and are guests at the Hotel Congress.

Thos. King and his nephew, Thos. King, Jr., are in from the Big Chino camp ranch. They report the range in fine shape and stock in the best of condition.

Frank Stephens, youngest son of Mr. and Mrs. J. Q. Stephens, who has been visiting here for some time left this morning for his home in Los Angeles.

A special train of twenty one cars, loaded with cattle passed through Prescott this morning, en route from Holbrook to Phoenix. It took three engines to pull the train to Iron Springs summit.

The pump of the Iron King property has been installed in the Agency P. R. river and it will be only a question of a very short time until all connections will be made and the pump started up.

O. C. Reek, who has been in the employ of the Prescott National bank for several months left this morning for his home in Los Angeles. After a visit there of a couple of months he will go east to enter a law school.

J. B. Metzger, brother of Dr. F. M. Metzger, arrived in Prescott for a short visit last evening. He had been to California on business and stopped off for a day's visit with his brother before returning to his home in Molino, Ill.

Misses Margaret and Agnes Graham, of Chicago, passed through Prescott this morning en route home from Phoenix. They were met at the depot by Mrs. R. E. Morrison and her daughter, Miss Inez, who are old acquaintances and had about a fifteen minutes visit with them.

On account of the absence of the mayor the city council did not hold its regular meeting Monday night but adjourned till yesterday afternoon, when it met and voted through the monthly bills for an hour or two and adjourned till last evening when another meeting was held to finish up the work of the month.

General Thomas Ewing, one of the best known mining men in the southwest, arrived in Prescott last evening for a brief visit. He is accompanied by H. G. James, formerly connected with the Los Angeles Herald and H. L. Wheeler a mining engineer.

Mrs. Geo. Wooster met with a very painful accident this afternoon and one which will confine her to her room for some time. She was leading the family horse to water preparatory to hitching him up for a drive, when he became playful and ran over her, spraining one of her ankles. It was at first thought that the ankle bones were broken.

The Wellington proprietors not to be behind their neighbors are putting in an asphaltum crossing on the street from the curb in front of their place of business to the curb on the plaza. Mayor Burke has under consideration also the construction of a crossing for the street in front of his place. If a few more enterprising west sliders make similar improvements the street will be paved, the length of the block.

Peter Greenland, employed on the bridge force on the S. F. P. and P. railroad, fell from a staging near one of his ribs. He was brought up on this morning's train, and will be laid up for some time. His wife, who started on yesterday's train for Los Angeles, was called back by telegram from Ash Fork to nurse him.

J. H. Bagley, who has been confined to his room for several weeks, a great part of which time he was bedfast and hardly expected to live, was able to be down town for the first time this afternoon. He and Mrs. Bagley expect to leave for Redondo, California, in a few days, where they will spend the summer.

A quiet wedding took place last evening in West Prescott, the contracting parties being Wm. J. Casey, a well known mining man of this place, and Mrs. S. E. Thompson. The ceremony was performed at 8 o'clock in the home of the bride by Rev. A. M. Gibbons, in the presence of a few friends. The bride and groom, their immediate friends, in wishing them much joy and prosperity.

**DECLINE THE NEW WAGE SCALE**

**Three Mining Camps Close Down Work.**

**Various Rumors Concerning Proposed Action at a Number of Other Camps.**

As far as heard from only three camps have been closed down on account of the new wage laws. These are the Oriental at Big Bug, the Yaeger Canyon Copper company at Yaeger Canyon and the Model company's camp at Kirkland. When notified by the managers of the respective camps that the scale of wages adopted by the mine operators would be strictly adhered to the men quit work, without the formality of declaring a strike. It is rumored however today that at least two of the above camps will be bulletined by the miners as having a strike on. It was even reported that notices to that effect have been printed but the Journal-Miner has not seen any such printed notices and the rumor is given without what it is worth.

Another rumor in discussing this rumor said that the unions here have no authority to declare a strike, but rumors for such a proceeding must be issued from headquarters of the federation, after due notice of the grievance had been presented to it, and considered. This is also given as received, as the Journal-Miner is not in a position to either affirm or deny the correctness of it.

A number of miners have quit other camps, but no general strike has occurred. In one or two instances agitators who were attempting to create dissatisfaction among miners have been discharged.

The usual periodical rumors concerning a strike at Jerome was also in circulation but it could not be traced to any reliable source, and it is only a short time since that the secretary of the union there issued a public notice that no strike would occur.

In conversation with the superintendent of a mining company the Journal-Miner representative was informed that so far as his company was concerned the scale of wages adopted by the mine operators, and that if miners cannot be secured at the wages adopted the property will be closed down indefinitely. This scale which has already been published is as follows:

Shovelers, \$2.50.  
Trammers, \$2.50.  
Muckers, \$3.  
Machine men, \$3.50.  
Sinking, \$3.50.  
Timbermen, \$3.50.  
Pumpmen, \$3.50.  
Drifters, raising and crosscutting, \$3.50.

**Will Again Entertain.**

Those who attended the entertainment some weeks ago given by the Prescott athletic club will be glad to hear that the club is making arrangements to give another entertainment of a similar character on Friday evening, June 12, only they expect to be able to give a much better exhibition on account of having had time to make improvements in their athletic sports. An exceptionally good program of sports is being arranged and a number of features will be added this time which it was impossible to give before, among them being a fencing bout in which two gentlemen from the west do battle. The champion of France will take part. One of these gentlemen has fought two real duels and bears the scars of sword wounds upon his face, and he is said to be very expert with the foils. While his opponent has not had the same rich experience he is nevertheless an expert with the foils and a very exciting combat is expected.

Another interesting feature will be a slack wire exhibition that will surprise some of the natives. The orchestra will furnish the music and altogether the entertainment will be one which will be well worth attending.

**Business of County.**

The board of supervisors has been in session for two days attending to county business. The report of Treasurer Storm shows a balance in the treasury of \$21,221.18 as against \$28,467.01 on May 1.

Claims have been allowed as follows:

E. C. Avery, deputy recorder, \$75.  
Ben C. Cady, deputy recorder, \$75.  
G. M. Dobson, deputy recorder, \$75.  
L. S. Colwell, deputy recorder, \$75.  
M. A. Lawler, deputy recorder, \$75.  
E. J. Keelane, deputy recorder, \$75.  
William H. Pound, deputy recorder, \$75.

R. Walsh, gardener, plaza, \$80.

A petition for a school district at Iron King was presented and allowed, there being twenty eight children of school age in the new district.

**Students on Outing.**

A number of eastern college students have organized a party and will take an extended horse back and canoe trip in the Arizona. They left here this morning, for Turkey Creek where they will meet their guide C. M. Sturges of Phoenix. They expect to visit Camp Verde, Flagstaff, Montezuma Wells, Supai, Grand Canyon and other northern Arizona points of interest. The entire trip now planned will probably take two months to complete.

The party comprises A. B. Chase, Jr., E. G. Chase, Providence, R. I.; A. N. Talmadge, Netherland, N. J.; Keith, Nevada; Avery, Detroit, Mich.; Walter O. Smith, Flint, Mich.

**World's Fair News Notes.**

Thomas A. Edison, the inventor, will also do his best to beat record time at the World's Fair, St. Louis, Mo. The Mexican pavilion at the World's Fair, St. Louis, is nearing completion. It will be the first government building finished.

The largest glass bottle ever made in the world will be exhibited at the World's Fair, St. Louis, next year. It is blown in the plant of the Illinois Glass company, at Alton, Ill.

The mining companies of Mexico are taking active interest in the World's Fair, St. Louis, and will make an extensive display, exceeding that of any other country, the United States alone excepted.

Advices from Berlin state that Germany will send a fleet of her finest war vessels to participate in the naval display at Hampton roads. In connection with the opening of the World's Fair, at St. Louis, May 1, 1904.

The exhibit of the Rice Association of America at the World's Fair, St. Louis, will be the greatest ever known. A rice kitchen costing over \$20,000 will be constructed. An extensive exhibit of models of the different machines used in the rice industry will be made.

An interesting exhibit at the World's Fair, St. Louis, next year, will be the police exhibits. The exhibit will show the evolution of the policeman, a gallery of noted police officials, and also types of the various grades of criminals. The exhibit will also include a display of police equipments, stations, etc.

A feature of the World's Fair will be a pottery in operation. Workmen of the highest skill will manufacture pottery so that visitors may note all the processes involved.

**THE OLD MAN SUCCUMBED.**

The old gentleman didn't want the young gentleman to marry the young lady, the young lady being the old gentleman's daughter.

So when the young gentleman came on the all important mission, the old gentleman set his face against the young gentleman.

"No, sir," said he, with angry emphasis, "you can not have my daughter."

"But I want her," urged the young gentleman, "and what is of some consideration in the count, she wants me."

"That makes no difference, sir, you can't have her."

"That means, I presume, that you want me to give her up?"

"Exactly."

The young gentleman took a hitch in himself.

"Do you think I am going to do it?" he asked, in a tone which did not strike the old gentleman as altogether submissive.

"I do."

"Well, no wonder you don't want me for a son-in-law if you think I'm that kind of a fellow. I don't blame you at all; I wouldn't have that kind of a son-in-law myself, even if sons-in-law were going at a premium. But my dear sir, I'm not that kind. I want your daughter for my wife, and I'm going to have her, she wants me for a husband, I have no objection to you as a father-in-law, and she rather admires you as a father. Therefore, I am warranted in joining the combination, and if you want to act ugly, why, we will be a dutiful children, hummer your whim, and patch it up somehow with the friends of the family who will be wanting to know what is the matter with you anyhow. Well!"

And the old gentleman had wisdom enough to understand the situation exactly and as a result the son-in-law road man will soon return to Mexico with as sweet a bride as man could wish.

The largest glass bottle ever made in the world will be exhibited at the World's Fair, St. Louis, next year. It is blown in the plant of the Illinois Glass company, at Alton, Ill.

The mining companies of Mexico are taking active interest in the World's Fair, St. Louis, and will make an extensive display, exceeding that of any other country, the United States alone excepted.

Advices from Berlin state that Germany will send a fleet of her finest war vessels to participate in the naval display at Hampton roads. In connection with the opening of the World's Fair, at St. Louis, May 1, 1904.

The exhibit of the Rice Association of America at the World's Fair, St. Louis, will be the greatest ever known. A rice kitchen costing over \$20,000 will be constructed. An extensive exhibit of models of the different machines used in the rice industry will be made.

An interesting exhibit at the World's Fair, St. Louis, next year, will be the police exhibits. The exhibit will show the evolution of the policeman, a gallery of noted police officials, and also types of the various grades of criminals. The exhibit will also include a display of police equipments, stations, etc.

A feature of the World's Fair will be a pottery in operation. Workmen of the highest skill will manufacture pottery so that visitors may note all the processes involved.

**THE OLD MAN SUCCUMBED.**

The old gentleman didn't want the young gentleman to marry the young lady, the young lady being the old gentleman's daughter.

So when the young gentleman came on the all important mission, the old gentleman set his face against the young gentleman.

"No, sir," said he, with angry emphasis, "you can not have my daughter."

"But I want her," urged the young gentleman, "and what is of some consideration in the count, she wants me."

"That makes no difference, sir, you can't have her."

"That means, I presume, that you want me to give her up?"

"Exactly."

The young gentleman took a hitch in himself.

"Do you think I am going to do it?" he asked, in a tone which did not strike the old gentleman as altogether submissive.

"I do."

"Well, no wonder you don't want me for a son-in-law if you think I'm that kind of a fellow. I don't blame you at all; I wouldn't have that kind of a son-in-law myself, even if sons-in-law were going at a premium. But my dear sir, I'm not that kind. I want your daughter for my wife, and I'm going to have her, she wants me for a husband, I have no objection to you as a father-in-law, and she rather admires you as a father. Therefore, I am warranted in joining the combination, and if you want to act ugly, why, we will be a dutiful children, hummer your whim, and patch it up somehow with the friends of the family who will be wanting to know what is the matter with you anyhow. Well!"

And the old gentleman had wisdom enough to understand the situation exactly and as a result the son-in-law road man will soon return to Mexico with as sweet a bride as man could wish.

**CHRONIC SORES**

**Signs of Polluted Blood.**

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, ointments and poultices will keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health.

If you have a chronic sore write us. No charge for medical advice.

**THE SWIFT SPECIFIC CO., ATLANTA, GA.**

**..BROWNSBERGER..**

Home School of Bookkeeping & Graham Shorthand.

983-985-987 West Seventh Street, Los Angeles, Cal.

Elementary study in the midst of the most beautiful home environment. Day and evening sessions.
